

Glass & Co has been serving many of the top dining and Michelin starred restaurants in London and in the UK for over six years. Our manufacturing facilities in Austria, produce some of the best lead free Crystal Wine Glasses in the industry.

'Vinophil' Stemless glasses are crafted from high grade crystal and with their simple and minimalistic looks are becoming incredibly popular among wine connoisseurs.

*Vinophil Stemless come with an oversized bowl enabling the colour and appearance of the contents to be judged with ease. Both glasses, the **Chardonnay** in 13.73oz and the bigger **Barolo** in 21.64oz have a wide opening that offers a good aeration, allowing the aroma to develop well. The bowl shape helps to direct wine to the back of the mouth, perfect for a full testing.*

Should you need any further information or require samples and prices, please contact our Customer Services on 020 7539 3732 and we will be delighted to help you.
